surrounding communities is our first priority. Working with the Jefferson and St. Charles Parishes' Sheriff Departments, L&R Security and the TSA, the New Orleans Aviation Board takes the steps necessary to ensure a safe environment. We also request the assistance of our passengers. If anything that a passenger might deem as suspicious at Armstrong International Airport is seen, they may use one of the white courtesy phones located throughout the terminal to alert airport personnel. They may also contact an airport employee for assistance. Anticipating any threat and acting on it before it leads to accidents is vital to safety.

Zero accidents is the ultimate goal for every airport. Air transport may not be 100% risk-free, but it is the mode of travel closest to it. The New Orleans Aviation Board will continue to focus its efforts on providing a safe environment at Armstrong International.
